An analytical Software Developer with excellent communication and interpersonal skills. Thrives in both collaborative and individual environments. Possesses an infinite appetite for growth of knowledge as a Developer. Always learning, never complacent.

TECHNICAL SKILLS

- **Object Oriented Programming:** Java, C#, .NET
- **Web Application Development:** HTML, CSS, JavaScript, jQuery, ASP.NET Core MVC
- **Database Programming:** Microsoft SQL Server Management Studio, Table design and creation, SQL queries and DML, E/R diagrams
- **Development tools and techniques:** Agile, Unit testing, Integration testing, TDD, Unix command line navigation, Git, Eclipse, Visual Studio

EDUCATION

Tech Elevator

September 2018 – December 2018

Coding Bootcamp

Cleveland, OH

- 14-week C# coding boot camp that teaches students how to develop dynamic web-based software systems using the C# programming language and .NET framework.

Southern Alberta Institute of Technology

September 2017 – May 2018

Software Development Diploma

Calgary, AB

- Maintained 4.0 GPA
- Member of Phi Theta Kappa Honor Society
- Member of the Professional IT Collaboration Hub

TECHNICAL EXPERIENCE AND PROJECTS

- **Vending Machine Software:** A C# CLI application representing a virtual vending machine. Keeps track of inventory of machine, customers may feed money, gives change to customers, dispenses items, reads from input file and writes sales report to an output file.
- **National Parks Campsite Reservation:** A C# application which reads from and writes to an SQL database. Users have the ability to view available campsites for their selected dates and make reservations. Created and ran integration tests during development.
- **National Parks Weather Service:** A web application developed with the ASP.NET Core MVC framework. Users can view National Parks and detail info for each park, view a 5 day weather forecast for any park and convert from Fahrenheit to Celsius (their selection is stored in session and remembered). Users can fill out a survey about their favorite national park which is then sent to a database.

WORK EXPERIENCE AND VOLUNTEERING

- **Calgary Public Library** February 2018 – August 2018
Computer Technology Volunteer
- **Summit Property Maintenance** March 2015 – August 2017
Landscaping Crew Leader
- **Turf Tech Sod Installation** September 2014 – February 2015
Landscaping Laborer
